BLACK ARMOR WINDOW FILMS

# TITAN PPF

*paint protection film*

Black Armor is proud to bring you the latest innovation in paint protection film technology. Titan PPF is expertly engineered to deliver a balance of “instantly activated self-healing” with “outstanding scratch resistance”.

Unlike other options on the market that require heat or water to start the healing process, Titan PPF is immediately triggered once scratched or damaged. The TITAN PPF topcoat also features a hydrophobic, cross-linked design that beads up and repels water, mud and grime.

## 10-YEAR WARRANTY

All Black Armor Titan PPF is covered by a nation-wide 10-year warranty\*.

## 8 REASONS TO WRAP YOUR CAR

1. Active Self-Healing Technology
2. Excellent Clear Appearance
3. Chemical Resistance
4. Luxury Appearance
5. Stonechip Protection
6. Hydrophobic Design
7. Stain Resistant Topcoat
8. SPF 285+

## SPECIFICATIONS

|                         |   |
|-------------------------|---|
| Product Thickness       | 8ML (200 microns)                                 |
| Gloss                   | 92 GU   |
| Self Healing            | < 1 minute, no visible scratches, Brass Brush     |
| Chip Resistance         | Pass  |
| Break Strength          | > 45lbs/in (83 N/cm) (ASTM D882)                  |
| Tensile Stress at Break | > 2,200 lbs/in <sup>2</sup> (>15 MPa) (ASTM D882) |
| Accelerated Weathering  | Pass (ASTM G155 Cycle 7, 3,000 hrs)               |
